## Windows & Doors Quality Checklist

*Colonial Remodeling's strict building standards ensure that your windows & doors will be installed with Quality & Energy Efficiency that will last. Below are just a few of the important details on our Quality Checklist that make Colonial Remodeling-installed Windows & Doors stand the test of time.*

### Tax Credit Compliant

Colonial has "Preferred" relationships with all Tax Credit compliant window manufacturers to promote Energy Efficiency and Federal Tax Credit Advantages.

### Best Window Insulation

Draft-proofing, low-expansion spray foam (liquid insulation) is used to provide maximum Energy Efficiency and weather-proofing.

### Energy Efficiency:

Speak with one of our trained associates to get up-to-date assistance on all Federal Tax Credits available.

### Maintenance-Free Exterior

All windows and trim that Colonial installs are comprised of maintenance-free components.

### Custom-Sized Windows

Colonial doesn't shortcut with one-size-fits-all windows. All windows are custom-fitted to maximize glass space, desired design, and Energy Efficiency.

### Warranty

Maximum warranties are fully transferable and backed by the manufacturer per our "Preferred Remodeler" agreements.
